Yankee Steve's Observation of Bumper Stickers

Never judge a book by its movie

The lottery is a tax on those
who are not good at math

Insanity is hereditary;
we get it from our kids

Always remember you are unique
just like everyone else

As long as there are tests
there will be prayer in public schools

Born free but taxed to death

DON'T STEAL!
The IRS hates competition

I love my country;
it's the government I hate

Why pray when you can worry?

Have you prayed about it?

Atheists have a dial a prayer service
You dial, and there is no answer

Why do psychics have to ask
for your name?

Few women admit their age
Few men act theirs

Bills travel through the mail
at twice the speed of checks.

Be nice to your kids;
they'll choose your nursing home

One man for one woman for life
