**for the Week of January 13, 2009**

*Men are qualified for civil liberty in exact proportion to their disposition to put moral chains on their appetites . . .* Edmund Burke [political theorist 1729-97]

*It is ordained in the eternal constitution of things, that men of intemperate minds cannot be free. Their passions forge their fetters.* Edmund Burke

**Global Warming Hysteria**

Everyone should read at least one book a month. For January 2009, I would recommend -

*Red Hot Lies: How global warming alarmists use threats, fraud, and deception, to keep you misinformed*, by Christopher C. Horner, Regnery Press, November 2008.

In this book Al Gore is fully and finally discredited; thank you, Mr. Horner!

As my readers will know Socialists are using climate issues to promote the control of industry, or what is called soft Marxism. An article in the *Washington Times* by Stephen Dinan [updated January 12, 2009] will prove valuable.

<http://www.washingtontimes.com/news/2009/jan/12/obama-climate-czar-has-socialist-ties/>

In the article Dinan demonstrates that Obama is surrounding himself with Socialists. We should not be fooled; Obama is a radical. Our president is not a real American.

Barack Obama has chosen none other than Carole M. Browner to be his global warming czar. Dinan says, "Until last week, Carol M. Browner, President-elect Barack Obama's pick as global warming czar, was listed as one of 14 leaders of a socialist group's Commission for a Sustainable World Society, which calls for 'global governance' and says rich countries must shrink their economies to address climate change." [Stephen Dinan]

Dinan says that Browner's name and biography was dropped from the Socialist website. How fortuitous, or how subtle? The deletion took place so that we would not discover that Obama had picked a radical Marxist. Why not choose Mikhail Gorbachev to be our Global Warming Czar? After all he is the one who is best known for using environmental issues in order to promote world-wide Socialism.
